

Donation Offer— Wheelchair Carrier

A local resident contacted us to let us know that he has this wheelchair carrier available for a veteran in need.

This wheelchair carrier is installed on the top of your vehicle, and a water-tight plastic shell fully encloses your manual wheelchair.

This wheelchair carrier can automatically load and unload your manual wheelchair in only 30 seconds, providing you more space inside your vehicle.

Here is a website link to a brochure to learn more about this wheelchair carrier:

<https://www.themobilityresource.com/wp-content/themes/mobility/assets/pdf/ctopperebrochure.pdf>

Here is a YouTube video to show you how this wheelchair carrier works:
